

DEPUTY SHERIFF SAYS THIRD DEGREE USED

Shur Tortured for Three Days and Delirious When He Confessed He Killed Officials.

JUDGE WILL BAR SUCH CONFESSIONS, HE SAYS

Will Also Lay Matter Before Authorities in Case It Develops Such Methods Were Used.

[UNITED PRESS LEASED WIRE.]
Marysville, Cal., Jan. 16.—Little progress was made during yesterday's session of court with the case of Ford Beck, Shur and Bagan, the four men jointly under indictment on a murder charge in connection with last August hopfield riots near Wheatland. Many candidates for jury duty were examined but none was accepted.

The unofficial sensation of the day was the statement in an interview given out by Deputy Sheriff Henry Daken of Yuba county that he was convinced of the truth of Shur's charge that the latter was tortured by private detectives into a confession which he has since repudiated. He himself, repeatedly and vainly protested, he said, against the way in which the prisoner was treated. Shur's story that he was kept awake for three days, until, becoming delirious, he admitted everything the detectives asked. Later he tried to kill himself in jail.

Daken has been relied on by the prosecution as a strong witness, having fired the first shot in the Wheatland riot. It was he, too, who brought Shur from Arizona, where he was arrested.

Will Retaliate.
If the Shur confession is used by the prosecution, it was understood to be the defense's plan to retaliate by bringing out in evidence the manner by which Shur says it was secured. If the opportunity offered it was said that the plan was also to bring out other stories of brutality by private detectives as a result of which it was asserted that one detective had been convicted of assault on a suspect subsequently released, and another prisoner was in the Stockton insane asylum.

Stories that the detectives were engaged on the case by the hop growers were set at rest, however, by a statement from the prosecution that Yuba county had employed them.

Judge Promises Action.
"If it shall develop during the trial that any purported confessions were wrong from Shur or any defendant in any but a voluntary way, this court will not permit their introduction in evidence," said Judge McDaniel, commenting on reports that Shur and others were tortured by private detectives.

"Furthermore, if such methods prove to have been used," he added, "I will lay the matter before the proper authorities so that the miscreants may be brought to punishment. So far as this court knows, the stories of brutality are not true but if they are proven it were infinitely better that the torturers should be on trial than the tortured."

CONGREGATIONALISTS MEET.
[UNITED PRESS LEASED WIRE.]
Chicago, Jan. 16.—Representatives of all the national societies of the Congregational Church of America gathered here today from all sections of the United States to attend tomorrow's opening of the four day's conference. Matters relating to a campaign for greater membership in the various societies, and propaganda to be sent out to all cities of the United States to obtain these results will be the principal subjects for discussion.

PLAN FIGHT ON YELLOW RACES.
[UNITED PRESS LEASED WIRE.]
Washington, Jan. 16.—Pacific Coast "exclusion societies" from Washington state, Oregon and California arrived here today and held a preliminary meeting to discuss a program for the hearing to be accorded them next Thursday by the House immigration committee. The societies are fighting to have passed the bill of Representative Baker of California, which would deny entrance of lower class Asiatics to this country.

Information for all Lung Sufferers!
Would you like to know more about a remedy for Lung Trouble which has brought about many complete recoveries? The makers of Eckman's Alternative are in receipt of many really wonderful reports, and will be pleased to forward to you copies of original letters and the booklet on diet and proper care needed in recovering health. Investigate this remedy—Miss Bunkowsky, Philadelphia, Pa.

"My Dear Sir: For two years I was afflicted with hemorrhages of the lungs, and in February of 1902 I was taken with a severe attack of pneumonia. When I recovered sufficiently to walk about the house I was left with a frightful hacking cough, which no medicine I had taken could alleviate. It was at this time, March, 1902, that I started taking Eckman's Alternative. In a short time my cough was gone and I was pronounced well. I cannot speak too highly for the good it has done."

(Signed) HOWARD L. KLOTZ.
(Above abbreviated, more or less request.)
Eckman's Alternative has been proven by many years' test to be most efficacious for severe Croup and Lung Affections, Bronchitis, Whooping Cough, Stomach and Bowel Disorders, and all ailments in the respiratory system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratories, Philadelphia, Pa. For evidence, for sale by all leading druggists.

CONVENTION ENDS.
[UNITED PRESS LEASED WIRE.]
Colorado Springs, Colo., Jan. 16.—Convinced that the state will continue to aid in road building, in view of the state-wide campaign they will start in the near future, delegates to the fourth annual convention of the Colorado Good Roads Association which opened yesterday, today adjourned their session. More than 1000 delegates attended this year's meetings.

TAKES OFF DANDRUFF HAIR STOPS FALLING

Girls! Try This! Makes Hair Thick, Glossy, Fluffy, Beautiful—No More Itching Scalp.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance. Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

THE ROUND-UP.

Miss Helen Crawford, having been elected to the office of City Recorder of Lebanon, after taking a look at the duties that she was to perform, she did not want the office and so refused to qualify. Which goes to show that a woman can change her mind about political offices as well as and as quickly as about everything else under the sun.

Portland now has an ordinance prohibiting the sale of tobacco in any form to minors, even though they have a written order from their parents. This was found necessary, as it was found many of the boys would forge their daddy's name in order to get "the makings."

Portland has an ordinance limiting the speed of autos to 10 miles an hour in front of school houses during the noon or recess hours.

Enterprise is promising to give the parcels post a try out in the near future. It has two carloads of timothy seed for shipment and unless satisfactory rates can be made the lot will be sent by mail.

The Southern Pacific has notified the Railroad Commission it will build modern station at Hyland.

Selo is planning to make extensive street improvements during the year.

Melford's road bonds have been approved by eastern parties and the money will be available February 2.

F. M. Richards, a farmer who lived in the Mohawk valley eleven miles northeast of Eugene was found dead in his barn, Wednesday evening.

Woodburn's city council has selected a site for the city hall that is to be built at the cost of \$15,000. The site will cost about \$3000.

"Little rain, no snow, little fog, scarcely a half dozen real frosts, no wind, no lightning," says the Corvallis Gazette Times; "surely this section has been wonderfully favored this fall and winter—even more than usual, just as it seems that so many other sections have been given worse treatment than usual."

SINGLE TAXERS MEET.
[UNITED PRESS LEASED WIRE.]
Washington, Jan. 16.—Single taxers gathered here today for a 3 day's conference. They planned to take steps to spread their theory of taxation throughout the country. Among the prominent men present are Charles H. Ingersoll and Frederick C. Howe of New York, Lincoln Stephens, Daniel Keefe of Cincinnati, A. R. DuPont of Cleveland, George A. Briggs of Elkhart, Ind., and Jackson H. Ralston of Washington.

WHY IS A ROBO?
[UNITED PRESS LEASED WIRE.]
St. Louis, Jan. 16.—Lack of family ties and relations is blamed by most wanderers for their misfortunes, according to statistics compiled by Superintendent George N. Arebides of the Municipal Lodging House and made public today. Superintendent Arebides says eighty per cent of the homeless men given shelter at the Old Four Cent Courts building since its opening this year, told him they had no blood ties to keep them anchored.

CONVENTION ENDS.
[UNITED PRESS LEASED WIRE.]
Colorado Springs, Colo., Jan. 16.—Convinced that the state will continue to aid in road building, in view of the state-wide campaign they will start in the near future, delegates to the fourth annual convention of the Colorado Good Roads Association which opened yesterday, today adjourned their session. More than 1000 delegates attended this year's meetings.

FRIGHTFUL STORY OF WANT AND MISERY TOLD

The following pitiful story is told in the Marshfield Record of January 7: "If you do not want to read a story of frightful want and suffering, do not begin this."

"If you do not want to know what awful depths of misery two families on Coos Bay have been forced to lay this paper down."

"The pitiful privations of an emaciated mother, a slowly dying father and four hungry, brave little children are what acuates The Record in appealing to you and you and you."

"You may say when you have read this article: 'Why don't the county take care of them?' The Record does not know why, but it does know that the county has not so far, nor likely will not do anything except, perhaps, when the father is dead, provide him a cheap pine box and a place in the Potter's field."

"In a hotel made of boards placed on end about eight feet wide by 14 feet long, with cracks in the wall you could throw a cat through, near the old laundry building in North Bend, C. H. West, a consumptive in the last stages of the dread disease lies. He is without underclothing, except the suit he has on and in which he lies in bed, and this suit, the shirt of which is smeared with blood from the frequent hemorrhages he has cannot be washed because there is no other garment which can be placed upon his wasted form in the meantime."

"There was not enough clothes on the bed to cover this poor sick man and keep him from shivering until Edgar McDaniel and Louis Balsiger visited the shack Monday and, out of their own pockets, afterwards provided some bedding and food. There is no bed for the little ones to sleep upon. A makeshift has been rigged up and on this the half starved babies of this white plague victim are forced to lie at night and absorb the germs of the terrible disease by which their father is by inches being drawn into his grave."

"The children lack food, they lack clothing—they pick up sticks enough to make a semblance of a fire but the wind sweeps through the shed in which they live too wildly to make it possible for them to keep warm."

"The mother is alone with strangers. So far she has not begged. She sits besides her dying husband and ministers to him as best she can. She cannot leave him to obtain work. The children are too small to toil, except the boy who does his best. There is no hope for the mother. In her great poverty she can only remain by the wretched bed—she can get no dairy morsel for the sick man, all that she can do is to aid the sufferer with her presence. They are hungry most of the time and at night sleep cold on a floor, the supports of which would give way beneath the weight of a healthy man."

"The other night the Knights of Pythias at North Bend were told about the family and the good fellows at the meeting chipped in and made up a little purse of silver and this has been given to the distressed ones."

"There is another case."

"When the Gow Why fire took place the Cuthbert Brown family were victims of the fire. The husband and wife were industrious, sober people. They came here to make their home—to be neighbors of us all and they were just getting a start when the fire burned."

"GETS IT" Gets Corns Sure as Fate

If You Had Corns for Months or Years, "GETS-IT" Will Remove Them All in a Few Hours.

"Whew! hurts way up to my heart. I've tried almost everything for corns!"

Corn-sufferers, corns are a joy is at hand. "GETS-IT" is the only real enemy any corn ever had. Put

"Don't Wonder People Go Crazy-Happy Over 'GETS-IT.' It Gets Every Corn Sure and Quick!"

"GETS-IT" on in two seconds, and away they go, shrivel, vanish. No more cotton rings to make the corn sharper and more bulky, no more bandages to stop circulation and stick to the stocking, no more salves to turn the flesh raw and make the corn "pull," no more knives or razors with danger of blood poisoning.

"GETS-IT" is painless, stops pain, and is absolutely harmless to healthy flesh. Warts and bunions disappear. "GETS-IT" gives immediate relief.

"GETS-IT" sold by druggists at 25 cents a bottle, or sent on receipt of price to E. Lawrence & Co., Chicago.

everything they had. Badly burned about their persons, and perhaps disfigured for life, they escaped in their underclothing. They did not have enough clothes in which to appear on the street. They have two children about five and seven years of age. Today this man and woman, suffering from the burns they received at the fire, are absolutely penniless. They are honest folk, broke among strangers, in pain, hopeless and knowing not which way to turn.

"It is not their fault they are down and out today; they simply have had a run of hard luck. Just what is going to become of them is hard to say."

"They need medicine, they need clothes and they must eat."

"Now, won't you and you and you leave something at The Record for the West and Brown families? It will be looked carefully and no one need have fear about the funds being squandered. The Record long ago did its part in each case and it is going to do more, but won't you, the mother of a family, and you the father and you the fellow that is unattached and you the young woman who may be able to spare a little, help these poor people?"

"There never were two cases of more real merit than these."

IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at Once When Back-ache or Bladder Bothers—Meat Forms Uric Acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, beat about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

OPEN FORUM.
UNEMPLOYED SITUATION.
Editor Capital Journal:

There is being a great commotion over the unemployed because they are in our midst. There has been a wrong done along the line that Salem is directly responsible in the false statements of ads sent out to get almost this same class here. I can show plenty of unemployed in our little town of Salem who if it was not for a few minor circumstances would be no better off than those men tramping through our city. If we have something in the line of work why do we not offer it to the unemployed we have at home before Salem has a company of the same class I would like to say a word, we are getting a great herd of this class that the great companies have brought here into the United States; used them, then dumped them on the labor market to kill the American labor. This state of affairs has become universal all over the United States. There has become a great cavity between the laboring man and the combined wealth that is pitted against him. We may say we will keep them down by force of arms. This we may do for a short time, but there is something longer and deeper than this. If we bring this class here into the United States, we will let them in preference to the American man and let the American man stand back looking for a job and can't get it. Then let us put up with it and say we like it. Now is the time for Salem to say we like foreign labor. Help yourself to what you want; take plenty; do not kick. You have them right here with you. Salem will have a bunch of her unemployed ready for the road soon.

ARM GRAFTED ON GIRL.
[UNITED PRESS LEASED WIRE.]
Berlin, Jan. 16.—Surgeons throughout Germany today are watching with intense interest the case of Marie Kuback, who recently underwent a remarkable operation in a hospital at Prague. The patient, a dressmaker, was suffering from a disease of the upper arm which necessitated amputation. Just before the operation another girl who had attempted suicide, died in the hospital, and the doctors decided to try a grafting experiment. Removing the bone from the upper arm of Miss Kuback they inserted in its place a section from the arm of the dead girl. The operation was successful beyond the doctors' most sanguine hopes, and latest reports from the hospital say the patient is steadily improving.

Plavins apparently became tired of reading complaints for several years of rainfall below normal.

ORRINE

FOR DRINK HABIT.
So uniformly successful has ORRINE been in restoring the victims of the "Drink Habit" into sober and useful citizens, and so strong is our confidence in its curative powers, that we want to emphasize the fact that ORRINE is sold under this positive guarantee. If, after a trial, you get no benefit, your money will be refunded. ORRINE costs only \$1.00 per box. Ask for free booklet. Attach name ESCHMOD booklet. Perry Drug Store.

AN EXPRESSION OF OPINION.
Editor Capital Journal:

Please allow me a little space in your valuable paper to discuss the situation which our city dads placed themselves in last Monday night.

A person from Mexico or Copperfield might think from what our worthy property owner has said in last night's Journal that there isn't but two men in Salem that could possibly fill the fire chief or the street commissioner's office a-tall.

Now, my dear property owner, let

me tell you something. Here is the system that all our state institutions and a great many of our private ones are run on: When an employe owes a grocery bill, a clothing bill, a feed bill, either at a restaurant or a barn, or any old kind of a bill, he is given a chance to pay it, and if he refuses to pay, "he ain't got no job." It don't do any good to get peevish about it; just skidoo. Now for example we will suppose I am chairman of the fire and water committee and our political council, as you call them, would clothe me with the authority to buy supplies for the department. Then I go out here and buy 20 tons of good hay for \$15 per ton which really only cost \$12; or a three horse wagon hitch for \$150 that any of our city blacksmiths could put out for \$30, or for instance, I should go out here on one of these nice farms and buy a nice fat, mahogany bay, hunky horse for the department, for \$125, and bring him to town and turn him over to the city for \$225, now of course, Mr. Property Owner, you would give me any thing I would ask for, but I don't think it would be right. I think the penitentiary would be too good for me. A man who would do anything like that would kick a dog in the creek, or should be knocked in the head with a sack of rotten apples. Honesty is the best policy if you want anything from our Methodist council.

Wake up boys and pinch yourselves. Get out and get a job to show these city dads that you done one honest day's work in your life anyhow. Jack Darr didn't holler his head off; Tom Cornelius laid down like a good dog, and you will be compelled to do the same. We don't hear anything from C. M. Brown. What's the use of kicking? Have you a little grit? The kind of council what we got is what we's gvine to git.

While Mayor Steeves holds the gavel Old Salem town will have to travel. He is the man you can not guy While the town is going dry.

WILLIAM SMITH,
Salem, Oregon.

LIFE CERTIFICATES GRANTED TO TEACHERS

The following have been awarded life certificates as a result of the recent examination: Edith E. Montgomery, Falls City; Retta B. Mercer, North Powder; Edith Maris, Hillsboro; Neolie A. Corcor, Portland; Loretta Kirk, St. Paul; Laurel Inman, Vale; Lucila Brewster, Eugene; Bertha Hanson, Tillamook; Emma Linse, Pendleton; Frank E. Fagan, Morrow; Alphonsus O'Reilly, Eugene; Justus J. Champlin, Florence.

Five year certificates were awarded to the following: Frances P. Hess, Alpine; Clarence H. Eagy, Albany; Jeanette Grant, Monmouth; Cora A. Rossiter, Dallas; Louise V. Conner, Monmouth; James H. Trot, Beaverton; Violet M. Taylor, Hillsboro; John S. Potter, Hood River; Lottie L. Kasiyur, Condon; Marguerite Banks, Portland; Albert Gibbins, Riley; Nell E. Carter, Ontario; Victoria Carlyle, Cord; Laura Luce, Mooreville; Minnie McClure, Milton R. Lee Black, Tygh Valley; Hazel A. Huntington, The Dalles; S. A. McGavern, Eugene; Ida C. Richardson, Springfield; Lillian D. Horton, Eugene; J. B. Reese, Roseburg; Wm. Westenskow, Imbler; Roberta Lake, Brownsville.

FARMERS GATHER IN COLORADO.
[UNITED PRESS LEASED WIRE.]
Fort Collins, Colo., Jan. 16.—Farmers from all over the state gathered in Fort Collins today. The arrivals are delegates to the Colorado Farmers' Congress which will open tomorrow in the buildings of the Colorado Agricultural College. Better crops at less cost than at present, and other topics of interest to practical farmers will be discussed.

SAN FRANCISCO JAILS ANOTHER AUTO SPEEDER

[UNITED PRESS LEASED WIRE.]
San Francisco, Jan. 16.—Forrest Ashe another auto speeder, drew a jail sentence yesterday. It was only to the city, not the county jail, however, and his sentence was for but 48 hours.

When he pleaded guilty Ashe said it was only his second arrest. Judge Sullivan looked up his record and found it was his fifth. Ashe explained that he had forgotten the other three, and the jail sentence was imposed to stimulate his memory.

Richard McCreery, dean of the mill-honore autoists jail club, was on the third day of his sentence to the county prison. He wanted to help in the jail studies but it was so damp that the attendants, hearing he was subject to rheumatism, would not permit. Lucius Calver, third member of the club, seemed happy with his books in his cell. He insisted that his three day's sentence served him right.

TO HONOR BOY CHAMP.
[UNITED PRESS LEASED WIRE.]
Boston, Jan. 16.—The victory of Francis Ouimet in capturing the American open golf championship in a tournament in Brookline in which England's best golfers played, will be celebrated by the Massachusetts Golf Association at its annual meeting and dinner tonight. The victory of Massachusetts golfers in the tri-state tournament with New York and Pennsylvania for the Leslie Cup, and the showing made by John Anderson in the National Amateur tournament will also be celebrated.

TO RELIEVE RHEUMATISM
the body-waste producing uric acid must be gradually arrested and the blood purified.

Correct diet is essential. Abstain from tea and anything containing alcohol; eat meat only once a day and take SCOTT'S EMULSION after every meal.

SCOTT'S EMULSION makes new blood free from the poisonous products which irritate the joints and muscles; its medicinal force relieves the enlarged, stiffened joints; and more, SCOTT'S EMULSION stimulates the forces to expel the poisonous acids by its concentrated nourishing properties.

Physicians everywhere prescribe Scott's Emulsion for rheumatism.

EVERY DRUGGIST HAS IT.
